|----|--------------------|--|--|--|---|---|--|--|-----------|

Dense fog developed during the overnight hours and lowered visibilities to below 1/4 mile. At times, visibilities were down to 50 feet in locations between West Bend and Germantown in Washington County. School bus rides and local aviation traffic were delayed, and travel on main roads and interstates slowed down considerably. Off shore, the dense fog persisted over the Lake Michigan waters until about 1300CST. Fair skies and a light southeast wind off Lake Michigan were factors in this dense fog event
